"We would like to thank all staff at Castelayn for the wonderful way they made mum feel so welcome. She always loved coming there every Tuesday for Day Care and had lots of lovely friends that she met there. When we told mum she had to go into full time care...she was overjoyed to find that she was moving into Castelayn."

SheffCare is a registered charity operating across Sheffield serving the needs of over 1000 older people. The company began operating as a not for profit company in 1993, when a number of care homes were transferred out of local authority ownership into the ownership of SheffCare.

SheffCare's vision is to secure the provision of services and provide high quality care for older people in Sheffield. The needs, wishes and aspirations of our clients are paramount and everything we do is focused on improving the experiences of our residents and day care centre users.

The charity is managed by an executive team with a Board of Trustees meeting every month.

Castelayn offers excellent care in a purpose built residential home over three floors. Each corridor is individualised offering comfortable single bedrooms and easy access to lounge and dining areas and a range of bathing facilities. To ensure you gain a sense of home you may wish to furnish your bedroom with your own pieces of furniture and other personal items. If you want, we can arrange for you to have a telephone point so that you may stay in regular contact with your family and friends.

There are smaller residents kitchens where you, a relative or a friend may make a cup of tea or share a meal. There is a larger communal area where you can have family get-togethers, enjoy regular activities and entertainment with other residents or just have a chat. Castelayn benefits from an activity room with a pool table, a range of board games and computers with internet access; allowing you to keep in touch with family and friends wherever they may be in the world. In addition to the television lounges, Castelayn has a quiet room where you can sit and read without being disturbed.

If you wish we can arrange the delivery of your favourite morning newspapers or magazine or the local papers.

Castelayn has its own room dedicated to hairdressing, with a local hairdresser visiting every Monday, although if you prefer, your own hairdresser may also use the room. A beauty therapist visits once a fortnight, offering manicures and pamper sessions. You can book an appointment with a physiotherapist who visits once a month and offers massages in the comfort of your own room; helping to ease your aches and pains.

The home has its own easily accessible garden area where you can tend to the pruning of the plants or just sit and enjoy the fresh air.

"We would like to thank you all for the care you gave our mother. In the two years she spent with you she was very happy and contented. You all made her feel at home and very special and I want you to know she thought the world of every one of you. Your care was second to none. Even after our mum died your patience, thoughtfulness and understanding was very much appreciated."
