

Our People

All our care staff have appropriate training and continue to benefit from our in-house training and support team; ensuring we are fully up to date with the latest standards of care.

Our catering team ensure that you will have a choice of food which is freshly cooked every day on the premises. If you let us know, we will be happy to cater for a friend or family member joining you for dinner. Tea, coffee and biscuits are served throughout the day should you feel a little peckish.

With a dedicated activity team at SheffCare you can continue with your hobbies or try new activities. There will also be the opportunity to visit local attractions or even go further afield in our specially adapted vehicles that offer easy access for wheelchairs.

Our accounts team are highly experienced and will be able to offer you advice, helping you navigate through the maze of local authority funding regulations.

"We would like to say a heartfelt thank you to everyone at Deerlands for the care given to Nellie during her time there."

Family member of resident.

SheffCare is a registered charity operating across Sheffield serving the needs of over 1000 older people. The company began operating as a not for profit company in 1993, when a number of care homes were transferred out of local authority ownership into the ownership of SheffCare.

SheffCare's vision is to secure the provision of services and provide high quality care for older people in Sheffield. The needs, wishes and aspirations of our clients are paramount and everything we do is focused on improving the experiences of our residents and day care centre users.

The charity is managed by an executive team with a Board of Trustees meeting every month.

If you would like information about any of our other 10 homes in Sheffield visit our website at www.sheffcare.co.uk or call our **Central Support Services** team in Sheffield on **0800 542 1256**.

"Thank you all for the care and attention afforded to Elsie during her time at Deerlands. We know she was happy there and that all members of staff took a great deal of interest in her wellbeing. I would certainly recommend the home to any family considering placing a loved-one there. Elsie was treated with the respect that she so deserved. From Elsie's friend, thank you once again for your kindness."

Friend of former resident.

Deerlands offers excellent care in comfortable surroundings. You will have your own bedroom with shared facilities on your corridor. To ensure that you feel at home you may also wish to furnish your bedroom with your own pieces of furniture.

Deerlands feels cosy and personal with a number of corridors all on one floor; each with their own dining and sitting

areas. There are smaller residents' kitchens where you, a relative or a friend can make a cup of tea or a light snack. There is also a larger communal area where you can get together with other residents for entertainment, activities or just a chat. In addition to its television lounges Deerlands has quiet rooms where you can sit and read your paper with no disturbances.

Deerlands also has its own room dedicated to hairdressing with a local hairdresser visiting 2 ½ days during the week.

The residential home has its own easily accessible garden area where you can sit and enjoy the fresh air.

At Deerlands we are not just a residential home. Other services include:

- o day care facility
- o short term or overnight care (respite)
- o escorted hospital visits or doctor's appointments
- o specially adapted baths and help with bathing (including for non-residents)
- o help with shopping or laundry
- o help with sorting out funding and finance

So, if you are the carer or relative of an older person and would like to take some time away, we will ensure you can go safe in the knowledge that your loved one is in safe hands.

We can give you the help and care you need, when you need it. Just give us a call and we will tailor a package to suit your specific needs.
