

Trustee Ad April 25

At our charity Sheffcare we aim for everyone to have a good day every day with

- Kindness
- Dignity
- Respect
- Independence
- Choices

Sheffcare is a well established charity and we run 9 care homes, as well as two Day Centres. We support over 1000 people every year, many of whom are living with dementia, all within the city of Sheffield. We believe in making a difference through offering affordable, high quality, compassionate care which enhances people's quality of life.

We are now looking for a new Trustee with legal experience to join our team, someone who can bring knowledge, experience and passion to our Board.

Relevant experience as a Trustee and specific educational or skills or qualifications is less important than being curious, able to ask questions and open to learning.

The job of the executive team is to give you information and to give you advice so that you can then look at the advice and the information and make a decision as a Trustee

We need people who are enthusiastic, have time to commit and are as passionate as we are about excellent care for older people and people living with dementia.

Time Commitment:

Our board meets every two months and Committees meet in between; Each Trustee is normally a member of one of our Board committees: Quality, People or Finance. The total commitment is around a day a month including meetings, reading papers and visiting our homes.

For an informal conversation, please contact our CEO, Claire Rintoul on Claire.rintoul@sheffcare.co.uk to arrange a convenient time to talk.

Interviews will take place on 20th or 21st October.
